2020 Fall Semester Information

Dear Parents/Guardians:

Since the spread of COVID-19 and the lockdown placed on our community, The Korean School of NJ moved our classes from in-person to remote online classrooms and we have successfully just concluded our Spring semester.

Looking ahead to the Fall semester, we will have to closely observe the pandemic situation before making a decision whether to move back to in-person classes or remain remote online classes. Our top priority in making any further decisions will put the safety of our students and faculty first.

For now, the school will begin registration as remote online classes for the Fall semester. It is a difficult time for many people right now, so we have set up a discounted tuition cost for the remote online classes in hopes that it will help students continue their Korean language studies.

Our Spring semester had a student attendance rate that exceeded 90% in online classes and we deeply appreciate everyone's support and enthusiasm during these trying times.
